

Camille Fontaine

Full Stack Developer | Developer Analyst

Comox, BC, Canada | 778-585-3118 | camille.fontaine93@gmail.com | [linkedin.com/in/camille-fontaine](https://www.linkedin.com/in/camille-fontaine)

Full-stack developer with 8 years of experience working with modern technologies such as Next.js and Angular, with an eye for UX/UI, as well as web accessibility.

RELEVANT WORK EXPERIENCE

Data Annotation Tech – Remote

Data Annotator

📅 2024 - Present

- Wrote code in various programming languages to train LLMs to solve coding and mathematics problems.
- Identified and resolved data quality issues by reviewing data and making adjustments when needed.

Collaf Designs – Remote (Contract)

Full-Stack Developer, UX/UI Designer

📅 Jan 2024 - Apr 2024

- Designed and developed a Next.js 14 transactional web app allowing customers to place their orders online instead of contacting the owner directly.
- Used Auth0 to allow the owner to log on to the website and manage the orders, while ensuring page-and-API protection based on user permissions.

Desjardins – Remote

Developer analyst

📅 2020 - 2023

- Architected, developed and documented multiple responsive and accessible SPAs in Angular.
- Mentored junior developers to facilitate their integration and help them develop their potential.
- Led the effort to bring automated E2E Cucumber tests into our Java Spring Boot project.
- Took on the role of resource person in accessibility within the team.

Full-Stack Developer

📅 2018 - 2020

- Developed a responsive Angular.js/jQuery web application that allows tens of thousands of clients to manage their retirement savings and contributions.
- Developed C# and VB.NET APIs called by PCF scheduled tasks to perform operations on data gathered from encrypted files accessed through an MFT server.

Novaxis

Full Stack Developer

📅 2015 - 2016

- Developed a website editor used by more than 10,000 clients by using ASP.Net (C#) and jQuery.
- Helped develop e-commerce and blog modules that clients could integrate into their website.

EDUCATION

Cégep de Lévis-Lauzon (Québec, 2014)

Associate's degree in Computer science.
